Work experience

BOARD MEMBER, HUNGARIAN CRICKET ASSOCIATION, MARCH 2011 – PRESENTLY

While on the HCA Board I have been involved with strategising and planning the development and growth of cricket in Hungary. We were aiming to keep a balance between maintaining the quality of League cricket and also being mindful that for sustainable cricket we need to grow the next generation of cricketers.

Our focus has been to find an alternative way of funding so that we can achieve our intended goals. My aim has been to develop more regional cooperation between cricketing nations within the region.

Finally, I have been pushing for greater ICC support and transparency so that we are supported in our aims.

HOSTEL OWNER/MANAGER, 10 BEDS, BUDAPEST, MAY 2002 –

After many enjoyable years in an academic environment I decided to return to hospitality and set up my own hostel. My responsibilities required me to be multi-faceted, handling all aspects pertaining to the running of the hostel.
