

Dear Hungarian Cricket community,

I hereby indicate my interest in running for the HCA Board Elections for 2016.

To be honest I wasn't sure whether I would or should run again for the Board. I had lost a little faith in my ability to deliver what I had envisaged for cricket in this country as well as faith in the ICC to deliver what I felt they should have been doing with regards to assisting in the true development of cricket.

However, over the past few months I have renewed hope in the future of cricket in Hungary, as well as cricket globally. Due to recent changes within the management of the ICC, the current Board has already sent feedback to the ICC with regards to our vision for the continued development of cricket within Hungary.

I've had a varied life experience having lived on multiple continents and having worked in both the public and private sectors. I feel I have a wide range of skills both social and professional, which could continue to benefit Hungarian cricket.

My ambition for Hungarian cricket for 2016 onwards:

- the growth of domestic league cricket at both the senior and junior level;
- continued junior cricket development through our school programs;
- making Hungary and Budapest a hub for cricket, hosting tournaments, touring sides, and pushing for a possible regional cricket academy;
- supporting our National Team with the hope that there will be a true path forward for competing internationally.

I would like to continue in my capacity with the work that so many have given their time and energy to in trying to realise.

Thank you,

Adrian Zador
